MFA - Industrial Design 2019
BS - Philosophy, Poli. Sci. & Econ. 2012

Nine years academic and sixteen years hobby in product ideation, design, model-making, prototyping and fabrication.

EMPLOYMENT

SALTWORKS INC, Woodinville, WA

- Product Developer: 02/2018 - Present

Responsible for design and development of retail products, packaging and PR collateral. Delivered concept analysis, drawings, CAD, renderings and prototypes/models. Collaborated with marketing, sales, engineering and production teams to manage product goals. Worked with foreign and domestic manufacturers to maintain brand integrity and product quality while meeting product release deadlines.

SHADOW RACK, Monroe, WA

- Founder/Industrial Designer: 08/2017 - Present

Conceived and designed patented innovative household products. Developed updated design, assets and story copy for a successful crowdfunding campaign in September 2019. Currently being injection molded.

ANDREW BOWEN DESIGNS, Seattle, WA

- Freelance Industrial Designer: 07/2016 - 12/2016

Assisted with design development including: meeting with clients, user & market research, ideation drawings, renderings, mockups, CAD, and functional prototypes.

AEROTEK - NINTENDO OF AMERICA, Redmond, WA

- Task Leader/Product Tester Level 2: 10/2012 - 08/2014

Specialized in text debugging and ensuring product quality while adhering to multiple style guides for brand consistency and language standards. Discovered, documented and tracked system and text bugs. Responsible for teams of up to 20 associates in meeting project goals to completion. Delegated tasks and tracked project progress in a confidential, dynamic environment with strict deadlines.

CAMP FIRE USA, SAMISH COUNCIL, Bellingham, WA

- Archery Instructor/Activities Coordinator: 06/2010 - 08/2015

Ensured safety and fun while coaching archery skills to groups of campers ages 8-18. Facilitated daily, full-camp activities (100+ kids and 30+ staff). Managed staff & volunteers. Seasonal position.
